GC VOLUNTEER CLUB — WECHAT CONTENT DESIGN

Visual Communication & Layout Strategy

Fhilia Wijaya

PROJECT CONTEXT

About the Organization

GC Volunteer Club is a student organization focused on organizing volunteer activities and community engagement initiatives.

Platform

WeChat Official Account (微信公众号)

Challenge

WeChat articles tend to:

- Be text-heavy
- Lose reader attention
- Lack visual hierarchy

My Task

Make posts clearer, structured, and visually consistent.

DESIGN APPROACH

Information Hierarchy & Layout Strategy

WeChat articles often contain dense information, which can reduce reader retention. To improve readability and engagement, I implemented a structured layout system focusing on hierarchy and flow

Key considerations included:

- Clear headline differentiation for section navigation
- Strategic spacing to separate content blocks
- Visual emphasis on essential event information
- Integrated imagery to support and break up text

Rather than applying a fixed visual template, each article adapted to its event theme while maintaining structural consistency and readability standards.

ARTICLE BREAKDOWN — KNITTING WORKSHOP

1. **Visual Hook & Theme Establishment**

   The warm colors and playful illustrations immediately reflect the workshop theme and create a friendly, approachable tone.

2. **Clear Value Proposition**

   The “Why Needlework?” section quickly communicates the purpose and benefits of joining.

3. **Structured Information**

   Skills and activities are separated into clear blocks, making the content easy to scan and reducing text density.

4. **Key Details Highlighted**

   Date and time are visually emphasized to ensure important logistical information stands out.

5. **Strong Call-to-Action**

   The QR code and “Join Now” section are positioned at the end to guide readers toward registration.

ARTICLE BREAKDOWN — WINE MAKING WORKSHOP

1. **Theme-Driven Visual Identity**

   The vineyard illustration and earthy tones visually reflect the wine-making theme, creating an immersive atmosphere

2. **Clear Value Proposition**

   The opening text introduces the event in a storytelling format, making it feel experiential and engaging.

3. **Structured Information**

   Event details are organized into clear sections to improve readability and prevent text overload.

4. **Key Details Highlighted**

   Time and location are visually separated for quick reference.

5. **Strong Call-to-Action**

   The QR code at the bottom provides a direct and intuitive registration path.
